

SARGODHIAN SPIRIT TRUST

PUBLIC SCHOOL

**FINANCIAL STATEMENTS WITH
ACCOMPANYING INFORMATION**

30 JUNE 2020

INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF TRUSTEES

Opinion

We have audited the financial statements of Sargodhian Spirit Trust Public School ("the School"), which comprise the statement of financial position as at 30 June 2020, and the statement of income and expenditure, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the School as at 30 June 2020, and its financial performance and its cash flows for the year then ended in accordance with approved accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the School in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The management is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the School's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the School or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the School financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always

Riaz Ahmad & Company

Chartered Accountants

detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

TRUSTEE

SARGODHIAN SPIRIT TRUST PUBLIC SCHOOL
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1 LEGAL STATUS AND OPERATIONS

Sargodhian Spirit Trust Public School ("the School") is a project of Sargodhian Spirit Trust, Islamabad. The School commenced its operations from July, 2005 and was registered on 17 August 2005 with the District Education Department, Hyderabad under section 6 of the Sindh Private Educational Institutions (Regulation and Control) Ordinance, 2001. The objectives of the School are to offer courses of International standard and to undertake, organize and disseminate knowledge in Rashidabad, Sindh.

2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Accounting Standard for Not for Profit Organisations issued by the Institute of Chartered Accountants of Pakistan and International Financial Reporting Standards for Small and Medium-Sized Entities (SMEs) issued by International Accounting Standards Board as adopted by the Institute of Chartered Accountants of Pakistan.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

3.1 Basis of preparation

a) Accounting convention

These financial statements have been prepared under the historical cost convention, except for the certain financial instruments which are carried at their fair values.

b) Critical accounting estimates and judgments

The preparation of financial statements in conformity with the Accounting standard for Not-For-Profit Organisations issued by the Institute of Chartered Accountants of Pakistan and International Financial Reporting Standards for Small and Medium-Sized Entities issued by International Accounting Standards Board as adopted by the Institute of Chartered Accountants of Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable / amortizable assets. However, assumptions and judgments made by the management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

3.2 Operating fixed assets

Cost

Operating fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of operating fixed assets consists of historical cost and other directly attributable cost of bringing the asset to working condition.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the School and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of income and expenditure during the year in which they are incurred.

Depreciation

Depreciation on all operating fixed asset is charged to statement of income and expenditure on reducing balance method after taking into account residual value, if any, so as to write off the depreciable amount of an asset over its estimated useful life at the rates given in Note 4. Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged for the month in which the assets are disposed off. The residual values and useful lives of assets are reviewed by the management at each financial year end and adjusted if impact on depreciation is significant.

De-recognition

An item of operating fixed asset is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the statement of income and expenditure in the year the asset is de-recognized.

3.3 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditure relating to their implementation and customization. After initial recognition an intangible asset is carried at cost less amortization and impairment losses, if any.

Intangible assets are amortized from the year, when these assets are available for use while no amortization is charged in the year of deletion, amortization is charged using the reducing balance method, whereby the cost of the intangible asset is amortized over its estimated useful life at the rate given in Note 5. The useful life and amortization method is reviewed and adjusted, if appropriate, at each financial position date.

3.4 Investments

Classification of an investment is made on the basis of intended purpose for holding such investment. Management determines the appropriate classification of its investments at the time of purchase and re-evaluates such designation on regular basis. Investments are initially measured at fair value plus transaction costs directly attributable to acquisition.

Equity instruments

The Trust subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

Fair value through other comprehensive income (FVTOCI)

Where the Trust's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognized in other income / (other expenses) in the statement of income and expenditure as applicable.

Dividends from such investments continue to be recognized in statement of income and expenditure as other income when the Trust's right to receive payments is established.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in statement of income and expenditure and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of income and expenditure.

3.5 Inventories

These are valued at lower of cost or net realizable value, less provision for any slow moving and obsolete items, if any.

3.6 Endowment fund

The school operates endowment fund. The fund sources include receipts from students and surplus funds of the School. The management is in process of finalizing rules and regulations of the fund.

Contributions and utilizations of endowment fund are directly recorded as increase or decrease in endowment fund.

3.7 Deferred credit - grants

Grants are recognized at their fair value where there is a reasonable assurance that the grant will be received and the School will comply with all attached conditions. Fair value signifies the amount received in cash and current market value in case of grant received in kind. Grants related to expenses are deferred and recognized in the statement of income and expenditure over the period necessary to match them with the expenses that they are intended to compensate. Grants related to assets are recognized as deferred credit. An amount equivalent to the depreciation for each year on such assets is credited to statement of income and expenditure in the same year in which the depreciation is charged. Amount equal to book value of assets relating to grant is also transferred to statement of income and expenditure in the same year in which asset is disposed off.

3.8 Revenue recognition

- Tuition, processing and registration fee are recognized on accrual basis.
- Donations are recognized on the receipt basis.
- Return on investments is recognized on accrual basis at the rates specified in respective investment scheme assuming that such investment will be held till maturity.
- Interest on bank deposits is recognized on time proportion basis taking into account the amounts outstanding and rates applicable thereon.
- Revenue from restricted funds is recognized, using deferral method in statement of income and expenditure over the period necessary to match them with the expenses that they are intended to compensate.

3.9 Employee benefits - contributory provident fund

The School operates contributory provident fund scheme for its regular employees. Equal contributions are made to the fund by the School and the employees at the rate of 7.5% of their basic salaries. The fund has not yet been approved under the provisions of Income Tax Ordinance, 2001.

3.10 Receivables

Receivables are recognized and carried at cost less an allowance for any uncollectible amounts. Carrying amounts of receivables are assessed on regular basis and if, there is any doubt about reliability of these receivables, appropriate amount of provision is made.

3.11 Foreign currencies

These financial statements are presented in Pak Rupees, which is the School's functional currency. All monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the statement of financial position date, while the transactions in foreign currencies during the year are initially recorded in functional currency at the rates of exchange prevailing at the transaction date. All non-monetary items are translated into Pak Rupees at the exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses are recorded in the statement of income and expenditure.

3.12 Financial instruments

Financial instruments carried on the balance sheet include investments, deposits, loans and advances, other receivables, cash and bank balances, interest accrued and other payables etc. Financial assets and liabilities are recognized when the School becomes a party to the contractual provisions of instrument. Initial recognition is made at fair value plus transaction costs directly attributable to acquisition.

Financial assets are de-recognized when the School loses control of the contractual rights that comprise the financial asset. The School loses such control if it realizes the rights to benefits specified in contract, the rights expire or the School surrenders those rights. Financial liabilities are de-recognized when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on subsequent measurement and de-recognition is charged to the statement of income and expenditure. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item and in the accounting policy of investments.

3.13 Accrued and other liabilities

Accrued and other liabilities payable are initially recognized at fair value which is normally the transaction cost.

3.14 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

3.15 Provisions

Provisions are recognized when the School has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made.

3.16 Taxation

Income of Not for Profit Organisations is allowed a tax credit equal to one hundred percent of the tax payable under section 100C of the Income Tax Ordinance, 2001. Accordingly, no provision for taxation has been made in these financial statements.

3.17 Off setting

Financial assets and liabilities are set off and the net amount is reported in the balance sheet, if the School has a legally enforceable right to set off the recognized amounts and the School intends to settle either on a net basis or realize the asset and settle the liability simultaneously.
